April 14 stuff approved.

Yes, I think with the departure of Cat. I and II SNM, and the nature of the information you seem to report, our review may be unnecessary.

Let's see how Janet feels about this, and if there are any pointers or advice we might offer if we discontinue our review. I think it may be an appropriate time to think about that option.

I still need the week of April 14 reviewed, the one below.

As far as continued review, it was my understanding documents for offsite use needed your review. But maybe since the SNM has left that is no longer true. I need to record who was at the meeting and at times who has action items. I am willing to try to delete a step. It sounds like this review adds little or no value.

Thanks
David Ward
